

## Exercise

Work out the mean, lower bound, upper bound, and range for the following sets of data, and sketch the charts. Are values dispersed in the same way? Does the range help us describe these differences?

Score	8	9	10	11	12
Frequency	1	2	3	2	1

Score	8	9	10	11	12
Frequency	1	0	8	0	1
